Long Range Planning Committee is tasked with developing and managing a strategic plan for the continuing development of the Club. The plan looks outward 5 to 10 years and in accordance with our mission: "to promote the sport of small boat sailing and sailboat racing." This plan includes all aspects of Club life - from infrastructure and member services to promoting sailing in Central Indiana. The Committee considers many factors, including issues facing the sport of sailing within our community and beyond. The Committee advises the Board of Directors with respect to the priorities of short term projects under consideration that require capital investment.
